

Photo Album (nonfiction) Instructions

Create a photo album that will inform your reader about your topic. You will create 8 illustrations that show important information about your topic with captions. You will also include one diagram and one chart.

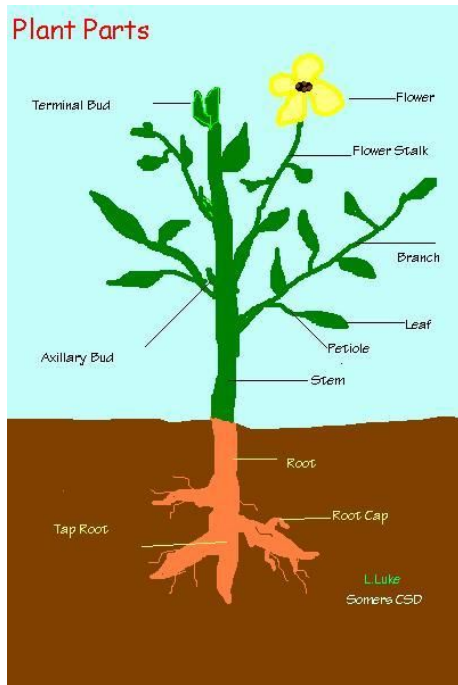

The photo album that you turn in to your teacher is a GOOD COPY. This means that you should first make a rough draft of your work. Then you should revise and edit your work before creating the photo album you will turn in during the first week of school.

Please check your work for:
Complete sentences
Capital letters
Punctuation

Cover	Write the title and create a cover for your photo album. Fill up the page with details and with color.
Page 1	Create two illustrations and write captions that are 2-3 sentences long each. You must use complete sentences. Captions must be in your own words. You cannot copy from the text.
Page 2	Create two illustrations and write captions that are 2-3 sentences long each. You must use complete sentences. Captions must be in your own words. You cannot copy from the text.
Page 3	Create two illustrations and write captions that are 2-3 sentences long each. You must use complete sentences. Captions must be in your own words. You cannot copy from the text.
Page 4	Create two illustrations and write captions that are 2-3 sentences long each. You must use complete sentences. Captions must be in your own words. You cannot copy from the text.
Page 5	Create one diagram with labels that gives information about your topic. Create one chart that gives information about your topic.

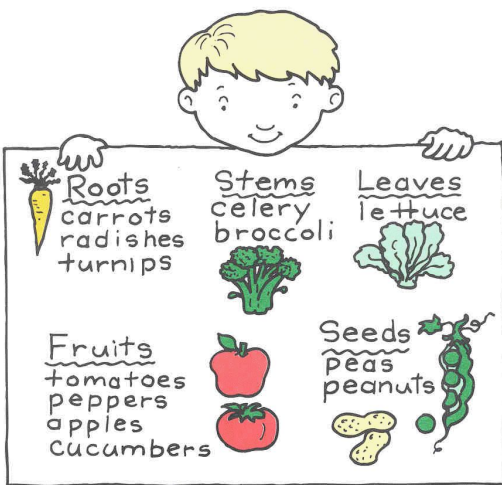

There should be no blank space in your pictures. The pictures should be filled with color and details from the book.
